UNIVERSITY FOUNDATION PROGRAMME

Foundation Programme A one-year programme designed for international students looking for entry to UK higher education. Designed for motivated studentslooking for a supportedand focusedbridge programmefrom international high school to a range of extremely good universities.The UFP is specially designed for international students and helps bridge the gap from your high school at home, allowing you to enter a top UK university. With national recognition from a huge range of top UK universities, it provides progression opportunities to almost all UK degree programmes.The UFP provides a bridge between international high schools and UK universities. It can be a very good way for you to get into university and study for an undergraduate degree.We help guide you to the best combination of subjects for the degree you wish to study at university. It is important that you select a pathway that is relevant to the degree programme you wish to apply for as some courses may require a certain combination of subjects in order to apply.

Example subject combinations, in preparation for some of the key professions :Law, Engineering, Business, MediaSciences

University Foundation Programme (UFP)You study for one yearto gain the UFP. The programme provides you with an important base, ready to build on at university, and allows you to learn at a detailed and challenging level.Quick facts:•Age:16 1/2+

Fast-Track University Foundation Programme we offer both the traditional UFPas well as a Fast-Track 2-term version.

The Fast-Track UFP is designed for students who are able to complete the full-year programme within a shorter period of time, and is ideal for highly ambitious studentsor those requiring additional revision for examination retakes. You will receive extra teaching hours each week to ensure you are well prepared for your exams.
