Our programmes provide students with practical work experience in great companies, as well as opportunities to put their English language and life skills into action.

Through Internship Programme provides students with many career benefits including:

1. developing their English language skills
2. gaining practical work experience in an international setting
3. building cultural understanding and international connections
4. contributing to the local and wider economy

Our service to you includes

1. reviewing your CV and covering letter
2. sending your CV out to companies that are a good match based on your sector, interests, skills and dates
3. arranging and following up Skype/telephone or face-to-face interviews
4. finalising the placement details
5. ensuring that you are happy during the placement and liaising with the company on your behalf
6. providing a certificate on completion of the internship and liaison for references and any paperwork you may require (such as Erasmus+ or university documents).
7. assisting with accommodation if required
